

# GEOCHEMICAL JOURNAL

Volume 50

Number 5

2016

## CONTENTS

- M. KOIKE, Y. SANO, N. TAKAHATA, A. ISHIDA, N. SUGIURA and M. ANAND: Combined investigation of H isotopic compositions and U-Pb chronology of young Martian meteorite Larkman Nunatak 06319 ..... 363
- S. EZAKI, R. HYPOLITO and A. PÉREZ-AGUILAR: Experimental fluorine liberation from Precambrian granites and Carboniferous-Permian sedimentary rocks associated with crystalline and sedimentary aquifers, Paraná Basin, southeastern Brazil ..... 379
- S. ARIUNBILEG, O. GASKOVA, A. VLADIMIROV, A. BATTUSHIG and E. MOROZ: Spatial distribution of uranium and metalloids in groundwater near sandstone-type uranium deposits, Southern Mongolia ..... 393
- S. MARUYAMA, K. HATTORI, T. HIRATA, T. SUZUKI and T. DANHARA: Simultaneous determination of 58 major and trace elements in volcanic glass shards from the INTAV sample mount using femtosecond laser ablation-inductively coupled plasma-mass spectrometry ..... 403
- B. S. VAGLAROV, J. KIMURA, T. MIYAZAKI and Q. CHANG: Origin of unusual fractionation of Pb isotope ratios with calcium in thallium-spiked multiple collector-inductively coupled plasma mass spectrometry ..... 423
- A. M. AGASHEV, Y. ORIHASHI, N. P. POKHILENKO, I. V. SEROV, A. V. TOLSTOV and S. NAKAI: Age of Mirny field kimberlites (Siberia) and application of rutile and titanite for U-Pb dating of kimberlite emplacement by LA-ICP-MS ..... 431

## NOTES

- Y. YANG, C. WANG, H. ZHANG, J. HUANG and S. XIE: Influence of extraction methods on the distribution pattern and concentration of fatty acids and hydroxy fatty acids in soil samples: Acid digestion versus saponification ..... 439
- T. MIYAZAKI, B. S. VAGLAROV and J. KIMURA: Determination of relative Faraday cup efficiency factor using exponential law mass fractionation model for multiple collector thermal ionization mass spectrometry ..... 445
