

CONTENTS

- H. SAWADA, T. IZUKA, Y. TSUTSUMI and Y. ISOZAKI: Detrital zircon evidence for Archean crustal development and plate subduction from the Murmac Bay Group in the Rae Craton, Canada 171
- Y. DUAN, Y. WU, J. YAO, J. HE, X. ZHANG, L. XU and L. MA: Hydrogen isotopic composition of *n*-alkanes in sediments from freshwater Fuxian Lake in subtropical, China: Implications for the ecological environment 181
- K. SHIMIZU, T. USHIKUBO, T. MURAI, F. MATSU'URA and Y. UENO: *In situ* analyses of hydrogen and sulfur isotope ratios in basaltic glass using SIMS 195
- M. YAGUCHI, T. OHBA and M. SAGO: The nature and source of the volcanic ash during the 2015 small phreatic eruption at Hakone volcano, central Japan 209
- NOTE**
- K. YAMAMOTO, Y. HARUTA, S. YOGO and H. YOSHIDA: Behavior of major and trace elements during weathering rind formation in buried terrace basalt cobble 219
