A. Dworak, A. Utrata-Wesołek, Ł. Otulakowski, M. Kasprów, B. Trzebicka – Polymers in medicine – direction of development ( <i>in English</i> ) . . . . .	645
M. Bhuvaneshwaran, P.S. Sampath, S. Balu, S. Sagadevan – Physicochemical and mechanical properties of natural cellulosic fiber from <i>Coccinia Indica</i> and its epoxy composites ( <i>in English</i> ) . . . . .	656
N. Mohd Nurazzi, A. Khalina, S.M. Sapuan, R.A. Ilyas – Mechanical properties of sugar palm yarn/woven glass fiber reinforced unsaturated polyester composites: effect of fiber loadings and alkaline treatment ( <i>in English</i> ) . . . . .	665
M.A.R. Saat, R. Rasid, M.A. Bakar, A. Jalar, E.M. Salleh – Mechanical properties of PE-PET-PS-PP blends produced by high shear mixing ( <i>in English</i> ) . . . . .	676
M.S.N. Atikah, R.A. Ilyas, S.M. Sapuan, M.R. Ishak, E.S. Zainudin, R. Ibrahim, A. Atiqah, M.N.M. Ansari, R. Jumaidin – Degradation and physical properties of sugar palm starch/sugar palm nanofibrillated cellulose bionanocomposite ( <i>in English</i> ) . . . . .	680
M. Chorobiński, Ł. Skowroński, M. Bieliński – Methodology for determining selected characteristics of polyethylene dyeing using CIELab system . . .	690
W. Głuszewski – The use of gas chromatography for the determination of radiolytic molecular hydrogen, the detachment of which initiates secondary phenomena in the radiation modification of polymers ( <i>in English</i> ) . . . . .	697
<b>In memoriam</b> . . . . .	703
<b>Conferences and Fairs</b> . . . . .	705
