

The cover features a vibrant green and blue color scheme. At the top, a network of glowing blue nodes and lines is set against a green background. A large, stylized letter 'К' is positioned on the left side, partially overlapping a blue shape. The main title is centered in a light green rounded rectangle. At the bottom, a circular graphic depicts a tunnel of blue spheres and lines, with a glowing light source at the end. Inside this tunnel, a laptop and a globe are visible. The publisher's name and year are printed at the bottom right.
